

## “Earth Song”<sup>1</sup>

“What have we done to the world?”

Did you ever stop to notice this  
crying earth?”<sup>1</sup>

“I do not know...  
I do not remember.”

“The stones used to talk to me.  
They would answer my questions.

The line is broken...  
the memories are gone.  
Stones, trees, animals  
have fallen silent.”

“You don’t know how to listen.  
Come...have no fear.  
Every plant, every tree,  
every flower is full of wisdom.  
Listen it is beautiful...  
let it guide you.

The world speaks.  
The answer is there.  
Truly listen –  
not only with your ears.”

“It’s is our last hope.  
If we cannot - it will be the end”  
...the end of everything.”<sup>2</sup>
