

An early warning!

“Forests are the ornaments of the earth...they teach mankind to understand beauty and attune his mind to lofty sentiments.”

“Why destroy the forests? Millions of trees have perished...and many beautiful landscapes are gone forever.”

“Man is endowed with reason and the power to create... until now he has not created, but demolished!”

“The forests are disappearing, the rivers are running dry, the game is exterminated, the climate is spoiled, and the earth becomes poorer and uglier every day.”¹
